

EXHIBITION

Exhibitor list:

- Attocube Systems AG - Nanopositioning Positioning & Microscopy
- LOT-Oriel - Lasers, Optics, Technology
- Springer - science+business media
- ENT – Enviromental Nano Technologies
- IONVAC - Vacuum Equipment for Research and Science Applications
- Pfeiffer Vacuum Italy S.p.A.
- PEPublishing
- Wiley
- Rivoira
- Nano Magazine
- Elsevier

Invitation to exhibitors

You are cordially invited to exhibit at NANO 2010. With this unique opportunity to accommodate the conference in Rome, it serves as an excellent platform to promote your product portfolio to a broad audience of experts. So please be welcome to join this event for professionals.

The scope of the exhibition ranges from basic materials research tools, vacuum equipment, material analysis, to microscopy techniques, techniques for characterization at the nanoscale,

etc.,

The Audience

Attendees of NANO2010 are primarily scientists and engineers representing a wide range of disciplines related to physics, chemistry, engineering, and applications of nanostructured materials. Areas of interest cover:

- 2D molecular self assembling on surfaces and surface functionalization**
- Nanostructured Materials for energy applications**
- Environment**
- Advanced Characterization techniques of nanostructures**
- Nanoelectronics, Nanodevices and sensors (MEMS, NEMS..)**
- Nanofabrication**
- Materials with controlled nanostructure via chemical methods**
- Nanophotonics**
- Mechanical properties of nanostructured materials**
- Modelling and simulation of nanostructures**
- Nanomedicine**
- Nanobiotechnologies**
- Nanocomposite materials**
- Catalists**
- Organic-Inorganic Hybrid Materials**
- Nanomaterials for information storage**
- Atomic clusters**
- Nanoparticles**
- Carbon nanotubes and graphene**
- Nanotoxicology**
- Atomic manipulation**
- Defects in nanostructures**
- Nanoporous materials**
- Nanometrology**
- Nanostructured**
- semiconductors**
- Nanomagnetism**

Multiscale materials

From all over the world a large number of scientists and engineers coming from universities, research institutions and companies will present their latest findings and more than 1000 attendees are expected.

Booth Fee and What It Includes

The **standard** booth fee is set at € 3000,00 including access to the conference for one booth personnel as well as one copy of the Abstract booklet and Program. Booth space assignments will be allocated in order applications are received with payment.

The **small-booth** consists of a desk suitable for disseminating literature, books etc. It is reserved for Publishers only. The fee is set at € 1500, 00 including access to the Conference for one booth personnel as well as one copy of the Conference Abstract book and Program booklet. Booth space assignments will be allocated in order applications are received with payment.

Benefits for NANO 2010 Exhibitors:

- Company named in the Conference **Abstracts** and **Program** booklets and in the website List of Exhibitors.
- Company **logo** on NANO 2010 homepage.
- A **registration badge** for one Company representative allowing free access to Coffee breaks and Social Dinner.

In all the official Conference publications, Exhibitors will be listed in a priority order

alphabetically by category.

For further information about the exhibition and the conference, please contact Mrs. Elvira Bauer +39-06-90672313 `begin_of_the_skype_highlighting` +39-06-90672313 `end_of_the_skype_highlighting` (e-mail: elvira.bauer@ism.cnr.it) or Mr. Aldo Capobianchi Ph: +39-06-90672554, (e-mail: aldo.capobianchi@ism.cnr.it) FAX: +39-06-90672470.
